

HELLO
my name is

Traffic Tracker
(and I'm FREE!)

I am the sales rep you've been looking for.

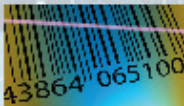

I live in your showroom, and I never take a day off.

Customers love me because I'm fun to use. I help break the ice, making greeting, rapport-building and discovery a snap.

I have a built-in scanner that offers every customer a chance to win \$25,000 cash. I can print personalized discount vouchers, service specials and more for each customer on the spot.

My touchscreen collects and organizes the information you wish you had on your showroom traffic. From a customer's phone number, zip and email address to what they're driving and what they're looking for, I capture it for you.

With my advertising barcode technology, I track every up, every sales rep, every advertising campaign. I can even automatically send a follow-up email to every customer.

I generate custom reports that let you know what's working and what's not, so you can make better decisions about your marketing budget and sales force.

AND I'M FREE! Contact us for details.

If making the most out of every marketing dollar is important to you, maybe you should get to know me.
